Hi Arj,

This email serves as official notice that the chair of the Election Supervisory Board and the Dean of Students certified the results of the TSM elections on 3/3/2016. Though this email is being sent on 3/26/2016, results were certified on 3/3/2016, the day of the election, after the chair of the Election Supervisory Board and the Dean of Students deemed them fit to be certified.

The winner of the Daily Texan Editor-in-Chief election is Alexander Chase. Alexander Chase received 7059 votes or 96.61% of all votes cast in that election.

The winner of the Texas Student Media Place #2 Moody College of Communication Representative election is Mary Dolan. Mary Dolan received 7028 votes or 97.09% of all votes cast in that election.

Both candidates ran unopposed and no candidates ran in any of the other TSM elections. For reference, a pdf of the results is attached to this email.

Regards,

David Engleman

Hey David,

Reaching out to get official certified results of the TSM elections. Could I get something official from ESB certifying the results, with vote counts and certification and everything?

We need a written report from ESB so we can declare the results at the next board meeting.

Thank you and good luck tonight!

Arjun
